

Employee Referral Scheme

EI announces an Employee Referral Scheme for all!!

You will be eligible for **1 month's CTC** of the person joining with a cap of Rs. 25k. This can be claimed on completion of 6 months by that person and nothing if the person leaves before that.

This scheme, however, will not apply for referrals received within 3 weeks of an ad being released for that same position. This scheme also will not apply to managers recommending an employee in his/her own team since recruiting people is one of their responsibilities. You will be eligible for referral even if a person joins on contract but only when he converts into employee and **have served 6 months duration.**

So if you feel you know people who can join hands to take our vision ahead, start Referring!!
